**DETAILED ACTION*****Claim Rejections - 35 USC § 112***

1. The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

**Claim 1(f) is unclear** in meaning of what applicant considers playing pieces of same size (height/exactly spherical/flat bottom). If the height of a piece determines the size, it should clearly say so.

**Claim 1(j)(v) is unclear** and not true to the specification. This limitation is only true if “an adverse” playing piece is being forced out. The limitation should be corrected by changing to “....a playing piece to force out an adverse playing piece....”

**Claim 1(j)(vii) is unclear** in terms of what is happening during this step.

**Claim 1(k) is unclear** in terms of how same size pieces are placed at the game end situation. Are all game pieces on “a same diameter”? What is clearly meant by “unobstructed path”? Unobstructed by whose (own/adverse) pieces?. Do they all have to be of a same player for that player to end a game?.

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Smith, Hahn, Blitz and Newland.

***Allowable Subject Matter***

3. Claims 1-7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
